WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Berlin qualified to vote in town affairs:—

You are hereby notified to meet at Whitney Opera House, in said town, on the Second Tuesday of March next and the 14th day, at nine o'clock in the forenoon to act upon the following subjects:—

1. To choose a Town Clerk by ballot and major vote.
2. To choose three Selectmen by ballot and major vote.
3. To raise such sums of money as may be necessary for the support of schools.
4. To raise such sums of money as may be necessary for repairing highways.
5. To raise such sums of money as may be necessary for laying out and constructing highways.
6. To raise such sums of money as may be thought necessary for macadamizing Main street from the house of Mrs. Michael Wilson to the house of Mr. E. Grover in Berlin Mills village.
7. To raise such sums of money as may be necessary for other necessary town charges.
8. To choose a Treasurer by ballot and major vote.
9. To choose Health Officers and Firewards.
10. To choose one or more Constables, one or more

Collectors of Taxes, Surveyor of Highways, Fence-viewers, Sealer of Weights and Measures, Pound-keeper, Surveyor of Wood, Bark and Lumber, and such other officers and agents as the town may judge necessary to be chosen.

11. To see what amount of money the town will raise for new sidewalks.

12. To see if the town will vote to have a Liquor Agent for 1893.

13. To raise such sums of money as may be necessary for Sanitary purposes.

14. To see if the town will vote to enlarge the cemetery, and purchase land for the same, and see what action the town will take with regard to building a receiving tomb for said town.

15. To see if the town will elect a board of Library Trustees, and appropriate money necessary to secure the gift of \$100 worth of books from the state.

16. To see if the town will vote to issue bonds to take up all outstanding orders and notes and to create a sinking fund for the payment of said bonds.

17. To see what sum of money the town will vote to raise to build a bridge across the Androscoggin river to connect with the Concord & Montreal railroad.

18. To see if the town will vote to place an electric light at the head of Duke street, and one on corner of Fifth and Norwegian streets.

19. To see if the town will vote to take four or more hydrants to be placed at discretion of selectmen.

20. To see what action the town will take in regard to accepting streets owned by corporations and private parties.

We herewith submit the report of the Town of Berlin for the year ending March 1, 1893.

The expense of the County and Town poor has increased considerably over last year, which is partly due to the increased number of people at work in town, and to the hard winter.

The books, vouchers and receipts kept by the selectmen are open for the inspection of the citizens at any time should they desire to ascertain in detail to whom and for what the money expended for repairing highways, new streets, sidewalks and for the sewer system was paid.

The debt of the Town is considerably more than a year ago, but we think all will agree that for the increase there is something to show, and we feel sure that when the snow goes the streets will be in such good condition where macadamized that the citizens will not feel sorry

for any moneys which may be appropriated at our next Town meeting for further street improvements in the direction of macadamizing.

The Town sewer system is in excellent condition and working well.

In the matter of caring for the debt it is hoped that the bonding system will be adopted and a sinking fund created, which shall be set aside for the payment of the bonds. With the increase in valuation which must come we hardly think the rate of taxation will be perceptibly higher, and the Town, at the expiration of the bonds, will have something with which to pay them.

The fire protection of the town, so far as the supply of water and hydrants is concerned, is in excellent shape, but an organization should be effected, with which it will be possible to reach fires and get them under control in the shortest possible time. The town hose is not in as good condition as is to be desired. Hose costs money, if the best is purchased, and the best is none too good in case of fire, when the bursting of one length may mean much loss or damage to property.

We ought all to take pride in trying to make our town as desirable as possible as a place of residence, and by attention to the streets, sanitary conditions and fire protection, induce more industries to locate, bearing in mind that it is not the amount of money expended, but the way in which it is expended, that will tend to improve the town and put us on a par with other towns in the state enjoying equal natural advantages.

In conclusion we wish to thank the citizens for their hearty support of our efforts in the direction of street

improvements, and feel sure if they are continued our town will be second to none in that regard.

We respectfully call attention to the report of the Treasurer for the financial standing of the Town.

Report of Police Court.

Berlin, N. H., December 24, 1892.

To the Selectmen of Berlin, N. H.:—

I herewith submit my report of the Berlin Police Court from March 1, 1892, to December 25, 1892; my resignation of the office of justice in said court taking effect on the last named day.

The book and docket of the court are public records, and any person can inspect them at all reasonable times, consequently I do not deem it wise to give a detailed statement of the account.

I desire to extend thanks to the officers of the town and different police officers who have been employed since I have held the office for their kindness and courtesy to me.

Summary.

Whole amount of fines and costs received,	\$1,532 12
Paid police officers and justices,	\$692 12
Cash due town of Berlin,	840 00
	<hr/> \$1,532 12

In addition to above amount quite a large sum of money has been received by the prosecuting agent in settlement of cases begun in this court. He will account to the town for money received by him.

In the cases mentioned no pleas were entered in

this court and I had nothing to do with their adjustment.

Respectfully submitted,

R. N. CHAMBERLIN, Justice.

Berlin, N. H., February 28, 1893.

To the Selectmen of Berlin, N. H. :—

I herewith submit my report of the Berlin Police Court from December 25, 1892, to March 1, 1893.

Paid police officers and justices,	\$160 03
H. E. Oleson, town treasurer,	600 00
Cash on hand,	28 58
	<hr/>
	\$788 61

Respectfully submitted,

IRVING STEARNS, Special Justice.

Board of Health Report.

To the Selectmen of Berlin, N. H. :

Gentlemen :—The board of health of Berlin for the year 1892 respectfully submit the following report :

The past year has been an exceptionally healthy one in the town of Berlin. There was no epidemic of any kind, a few isolated cases of typhoid fever, and only three cases of true diphtheria reported. We feel this is due in a great measure to the efficient work done by the former boards of health, as for some years sanitary rules have been kept before the people, and they have been gradually educated to the necessity and value of observing the rules and methods suggested by our predecessors. Your board made two thorough inspections of all premises in the villages of our town ; one in the early spring and another about six weeks later, and notified the owners and occupants of such work and changes as were needed to place the premises in good sanitary condition. We are gratified to state that in almost every case we were met in a friendly spirit, and all suggestions were promptly and cheerfully acted upon, with a few exceptions.

Your board would recommend that the town abolish the custom of paying for, clearing and keeping clean a dumping ground for rubbish. No other town, as far as we know, does this, and we believe that the property-holder should pay for keeping his premises clean, and dispose of all refuse at his own expense.

Now that a supply of water is assured for flushing sewers, we would recommend that every dwelling or building used for homes or business be connected with the sewers as soon as possible in the spring. There are several wells that the quality of the water for potable use is doubtful, having been made so by buildings and out-houses being built about them. These should be thoroughly tested, and, if impure and not safe, filled up.

Teachers in our schools should ascertain at the beginning of each term if all pupils have been vaccinated as the law requires, and all new pupils admitted examined.

The laws of our state require that births and deaths be reported to the town clerk. We find that the physicians comply with this law in regard to births and deaths, but there are parties who act in the capacity of midwives who ignore the requirements of the law. Some have been notified but do not report cases attended by them. It is essential in the interest of good morals, and in compliance with our laws, that such people be obliged to respect the usages, and report all cases.

With plenty of pure water, the excellent system of sewerage already completed, with reasonable attention to the surroundings of the buildings, Berlin should and will be as healthy a place of residence as any town in New England.

FRANK A. COLBY,	} Berlin Board of Health.
PHILIP ST. LAURENT,	
JOHN OSWELL,	

Berlin, N. H., February 25, 1893.

Sewer Commissioners' Report

The first report of the Sewer Commissioners of Berlin is hereby respectfully submitted.

There are now in operation, including twenty-three hundred feet of old sewer from the Berlin Mills store to outlet below the Forest Fibre Company's mill and about five hundred feet on Main street between Gerrish's store and David Holt's, 20,708 feet of sewer-pipe of the following sizes: 2412 feet of fifteen-inch, 2352 feet of twelve-inch, 3149 feet of ten-inch, 7031 feet of eight-inch and 5764 feet of six-inch pipe. A detailed statement of the streets and places in which sewers are laid, also sizes and lengths, is given below.

There are twenty-five man-holes and eighteen flush-tanks in the system, all built of first-class hard-burned brick and Rosendale cement. The man-holes are thoroughly plastered outside, and the flush tanks inside and out with Portland cement. Both man-holes and flush-tanks are finished at the top with heavy cast-iron frames, surmounted by heavy iron covers, so situated just beneath the surface of the street as to permit of convenience in removal. The man-holes are placed at changes of lines and give access to and perfect control of the sewers. They are so arranged as to allow of removal of any deposit or obstructions.

The sewers are working well, as are, also, the flush-tanks, excepting the one on Pleasant street, from which the water is shut off at present. We can conceive of no

reason why, with proper care and due observance of the rules and regulations, the sewers should not continue in good working order for many years.

The System in Detail.
